On Day of Caring 2020, help us **Stock Our Shelves**

Our nonprofit agencies have been working hard to serve our community.
They have given of their hearts. They have given of their resources.

It's our turn to give back!

*Select from our list of requested items and collect as many of your item as you can!
Do it as an individual, group, family or business.*

Every dollar that our agencies do not have to spend on stamps, school supplies, personal care products, non-perishable food items, etc., is a dollar that will go into providing services to help our residents.

Campaign Kickoff begins at 9 am on October 22 in the Port Charlotte Town Center parking lot near the old Sears Auto Center. Following the kickoff, items are to be dropped off through a contact-less drive-through until 11 am.
